

Philosophy Statement

The Aspiring Beginnings ELC learning community is a special place where we create fun and magic through play in a caring, homely environment where all children have a strong sense of belonging and identity.

As professionals we highly respect and appreciate the importance of the early years and value the crucial role we play in making a positive contribution to the lives of all children and their families.

Children are the centre of our attention and focus all day every day. Special relationships are formed and this is where the education and care happens.

“Children and teachers are always covered in fun”
